

Medical Training Survey 2022

New South Wales

INTRODUCTION

The Medical Training Survey (MTS) is a national, profession-wide survey of doctors in training in Australia. It is confidential and generates data used to strengthen medical training in Australia. The MTS is conducted annually with doctors in training, and 2022 was its fourth year.

METHOD

In 2022, 23,083 doctors in training responded to the online survey, with 22,135 responses eligible for analysis (i.e. currently training in Australia) between 28 July and 8 October 2022.

RESPONSE RATES

These results have been based on n = 6,494 doctors in training, working in locations across NSW.
